& Associates LLC

Lawyers, Arbitrators & Legal Consultants

Never has it been more important for businesses to adopt new systems that are legally sound.

From individuals and start-ups to multi-national companies, every person and organisation relies on Technology.

GEORGE Z. GEORGIU & ASSOCIATES LLC

We are a modern, dynamic and full-service law firm, devoted to professionalism, passion for excellence and commitment to the legal services we provide our clients both in Cyprus and abroad.

We are highly recommended in international legal directories, including [The Legal 500](#), [Chambers & Partners](#), and [Who's Who Legal](#) and are the sole Cypriot member of Ius Laboris and GALA, as well as being members of INATBA and numerous other associations which we have long-standing relationships with.

We've seen significant growth over the past few years and continuously move forward in all aspects of our work. The expansion of our premises in Nicosia and our recently established office in Limassol reflect our growth, strengthen our client relations and enhance our services to clients.

TECH

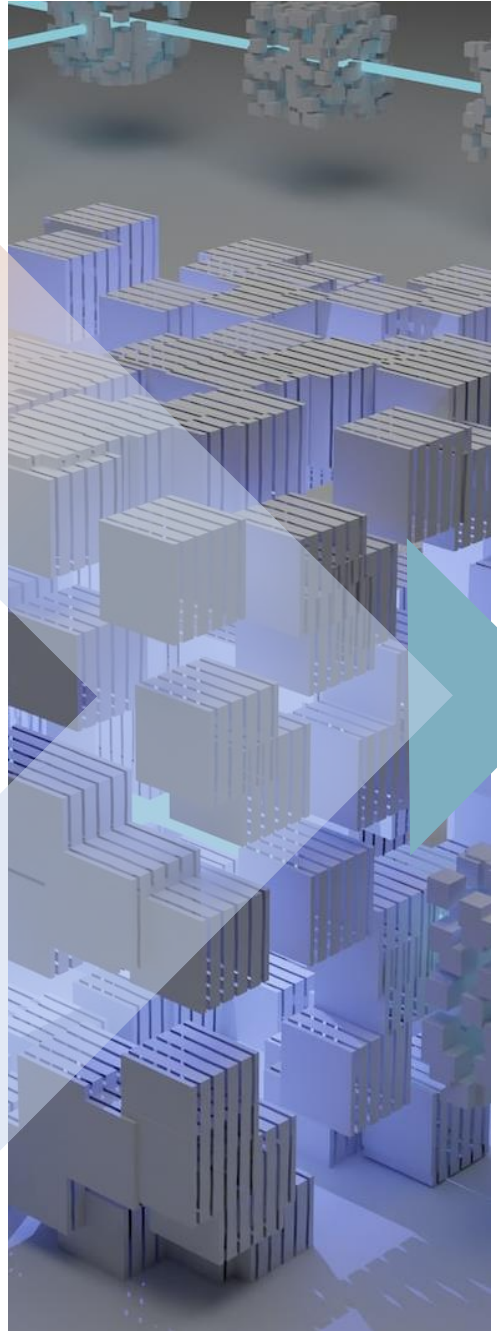

LEGAL & TECHNOLOGY COMBINED

In the world of digital disruption, we recognise that technology is rapidly changing the way legal services are delivered. Our GZGTech department aims in contributing to the shaping of the legal tech market in Cyprus and in solving our clients' complex problems, with compliant by design solutions.

Our team constantly evaluates processes that may be simplified and enhanced, using technological innovations, Blockchain and Artificial Intelligence. Our experts work closely with the strategic legal advisory services provided by other practice groups in the Firm, allowing us to handle large quantities of administrative work and to achieve better outcomes promptly and more efficiently.
